EWB Faculty Coordinator

Detailed Proceedings of the Event

The Inauguration of Engineers Without Borders – SVCE Student Chapter 2025–26 took place on 20th August 2025 at the Library Seminar Hall, with a packed audience of students, faculty, and dignitaries.

1. Opening & Prayer Song

The event commenced with hosts Sarabheswaran and Janani Prakash warmly welcoming the gathering. To invoke blessings, Gayathri (General Secretary) led the prayer song, setting a graceful tone for the ceremony.

2. Welcome Address – Hirthik Mageshkumar (Project Coordinator)

Hirthik welcomed the dignitaries, faculty, and students with immense enthusiasm, extending a special welcome to the Chief Guest, Mr. S. Nargunam, while appreciating his remarkable achievements in the manufacturing industry. He expressed his heartfelt gratitude to Dr. M. Sivanadham (Secretary), Dr. S. Ganesh Vaidiyanathan (Principal), Mr. S. P. Sivagnana Subramanian (Faculty Coordinator), along with the Deans and Heads of Departments, for their constant encouragement and support. He went on to describe EWB-SVCE as more than just

a club, portraying it as a platform for creativity, innovation, and collaboration, and reaffirmed its commitment to fostering learning and driving social impact.

3. Lamp Lighting Ceremony (Kuthuvilakku)

The Chief Guest, along with the Faculty Coordinator, lit the ceremonial lamp, symbolizing knowledge, wisdom, and progress.

4. Chief Guest Introduction – Mr. S.P. Sivagnana Subramanian (Faculty Coordinator)

Mr. Subramanian introduced the Chief Guest in detail, highlighting him as the Founder and Managing Director of Excel Die Castings, with an impressive industrial experience of over 51 years. He outlined the Chief Guest's key achievements, including the prestigious 0 PPM Award by Bosch, the Best Foundry recognition from Hyundai, and successful global exports. He also emphasized his leadership roles, notably as the Chief Advisor of the Thirumudivakkam Industrial Estate Manufacturers Association. Concluding his introduction, Mr. Subramanian praised the Chief Guest for his unwavering vision of quality, commitment, and adherence to global standards.

5. Chief Guest Address – Mr. S. Nargunam

In his lecture themed *“The Path to Becoming a Successful Industrialist”*, Mr. S. Nargunam captivated the audience by blending personal anecdotes with professional wisdom. He spoke about his humble beginnings and the struggles he faced in establishing Excel Die Castings in 1986, highlighting perseverance, ethical practices, continuous learning, and calculated risk-taking as the true pillars of success. He further emphasized the significance of technology and innovation in shaping the future of modern manufacturing. While addressing the students, he shared several thought-provoking messages:

- **“TEAM – Together Everyone Achieves More.”**
- **“TODAY – This is an Opportunity to Do a Better Work than Yesterday.”**
- **“Love your job, not your company, because you don’t know when the company may stop loving you.”**

He advised students to work hard with dedication, continuously build knowledge and practical skills, stay proactive by avoiding idleness, and follow the principles of Dr. A.P.J. Abdul Kalam. He also encouraged them to utilize the internship and plant visit opportunities offered by Excel Die Castings. His words left the gathering inspired to view engineering not just as a technical profession but also as a noble social responsibility.

6. Aim & Mission of EWB – Gayathri (General Secretary)

Gayathri presented the Aim and Mission of EWB for the year 2025–26, outlining the vision that will guide the club’s initiatives. She emphasized that EWB is committed to driving meaningful change by combining creativity, teamwork, and responsibility. The vision was framed around three core ideas:

- **Innovation with purpose** – projects designed to solve real societal challenges.
- **Collaboration across disciplines** – teamwork as the strongest pillar.
- **Sustainable impact** – long-term solutions aligning with social and environmental goals.

She concluded her address by encouraging students to view EWB not just as a club but as a platform for personal growth, leadership, and collective action.

7. Annual Report – Shruthi V (President)

Shruthi presented the Annual Report for 2024–25, highlighting the milestones and impactful initiatives undertaken by EWB-SVCE during the year. She noted that the club had created opportunities for learning, exposure, and innovation through diverse activities, including:

- **Guest lectures** featuring speakers such as Mr. Adnaan, CEO of ToSpace, and Dr. Deepak Selvanathan from Intel.
- **IIT-M Research Park visit**, where students explored cutting-edge innovations in robotics, healthcare, and mobility.
- **INFINITUS 2024**, the flagship non-technical event, which challenged participants with tasks designed to test creativity and crisis management.
- **Drone Workshop (Feb 2025)** conducted in collaboration with Aeroin Space, equipping students with practical, hands-on skills.

She concluded by expressing gratitude to the management, faculty, and members for their constant support, and reaffirmed EWB's motto: *"Engineering change for a better tomorrow."*

8. Project Report – Akshay V (Vice President)

Akshay presented the Annual Project Scheme, celebrating the chapter's achievements and future directions. He highlighted two notable technical milestones: *AutoGreen*, a smart RF-based ambulance traffic control system that prioritizes emergency vehicles at junctions, and *Microplastic Remediation*, a research-driven project addressing water pollution through bacteria-fungi partnerships. He also introduced key initiatives such as the *Opportunities Notice Board*, a curated platform for internships, competitions, and scholarships, and *EWB Insight*, a social media outreach program designed to share engineering innovations, achievements, and changemaker stories. Emphasizing the value of participation, Akshay reminded students that every project at EWB-SVCE serves as a stepping stone for growth. His key messages included:

- **Apply classroom learning to solve real-world problems.**
- **Build critical skills—teamwork, communication, research, leadership.**
- **Boost your CV with hands-on, innovative work.**
- **Network with faculty, industry experts, and peers.**
- **Dream big—research, entrepreneurship, or social change begins with involvement.**

He concluded with a powerful call to action, urging students to submit ideas, collaborate, and volunteer, leaving the gathering inspired with the message: *“Let’s build something meaningful—together!”*

9. Certificate & Badge Distribution

- Certificates were distributed to outgoing office bearers in recognition of their service.
- Badges were presented to the new office bearers for 2025–26, formally inducting them into their leadership roles.

10. Upcoming Events – Shujah Falehah Mariam (Event Director)

Mariam presented the event calendar for the academic year 2025–26, introducing a carefully curated blend of technical, non-technical, and community-driven programs aimed at fostering learning, creativity, and collaboration. The major highlights of the calendar include:

- **EWB Inauguration (Aug 20, 2025)** – induction of office bearers and a guest lecture to set the tone for the year.
- **National Space Day (Aug 23, 2025)** – celebrating breakthroughs in space technology.
- **Think Tank Thursdays (starting Aug 28, recurring)** – community meetups for vibrant discussions on technology and current affairs.
- **Calibration (Sept 19, 2025)** – a non-technical competition designed to test creativity and teamwork.
- **Enginuity Hackathon (Sept 26, 2025)** – an 8-hour innovation sprint to transform bold ideas into solutions.
- **INFINITUS 2026 (Jan 19–23, 2026)** – the five-day flagship non-technical extravaganza.
- **Drone Workshops (Feb 2026)** – three-day hands-on sessions to enhance practical skills.
- **Field Visit (March 2026)** – exposure to real-world innovation and industry practices.
- **Highways (April 2026)** – a non-technical competition marking the close of the academic year.

She concluded by encouraging students to participate actively in every initiative, reaffirming that the year ahead promises not just events, but opportunities for leadership, teamwork, and impactful learning.

11. Vote of Thanks – Gokul S (Joint Secretary)

Gokul delivered a heartfelt Vote of Thanks, beginning by thanking the Chief Guest for his inspiring and motivational address. He went on to express his appreciation to the Principal, Secretary, Deans, HODs, and Faculty Coordinator for their constant encouragement and support. He also acknowledged the efforts of past office bearers, current members, and volunteers for their dedication, while appreciating the enthusiastic participation of students and well-wishers that added life to the event. He concluded by reaffirming the EWB vision of “*Engineering*

change for a better tomorrow.”

12. National Anthem & Closure

The event concluded with the National Anthem, after which the hosts declared the inauguration officially closed. The ceremony left participants inspired and motivated to contribute meaningfully in the upcoming year.

Feedback From Members

What do you expect EWB– SVCE Student Chapter to focus on in the upcoming year?

2 responses

It would be best if our club conduct more seminar, webinar and events regularly so that all the members will be actively participating in it. Conduat more programs which provides pcd so it will be helpful to complete pcd hours .

More technical events and workshops to explore opportunities

What do you prefer to be done differently compared to last year?

2 responses

-

Sharing appreciation message to participants/volunteers

Any additional comments or suggestions for the EWB-SVCE team?

1 response

The inauguration ceremony was good and keep doing more and more.

S.P. Sivagnana Subramanian
