PRESENTS

THINK OUT LOUD

Got a curious mind? Love cracking questions? Here's your chance!

WHAT'S IN IT?!

- EVERY DAY, A NEW QUESTION WILL BE POSTED ON THE OPPORTUNITIES BOARD.
- SHARE YOUR ANSWERS, CHALLENGE YOUR FRIENDS, AND KEEP YOUR BRAIN BUZZING!
- AT THE END OF THE MONTH, THE ONE WITH THE MOST CORRECT ANSWERS WINS AN EXCITING PRIZE!

1.Acknowledgement:

We express our sincere gratitude to **Mr. S. P. Sivagnana Subramanian** for his continuous guidance, support, and motivation throughout the ongoing *Think Out Loud Initiative*. We also thank all volunteers, club members, and participants for their active involvement during this one-month phase of the activity. Special appreciation is extended to the college administration for providing the space and resources required to conduct this initiative successfully.

2.Executive Summary:

This document presents the **first one-month progress report** of the ongoing *Think Out Loud* initiative conducted between **25 September and 15 October 2025**. The aim of the initiative is to promote open expression, structured thinking, and creative problem-solving among students. During this reporting period, questions were displayed on the **Club Opportunity Board**, and students actively contributed their thoughts. The initiative has shown strong engagement so far, with promising developments that will continue in the upcoming phases.

3.Introduction:

The *Think Out Loud* initiative is designed to encourage students to articulate their thought processes clearly and confidently. The activity fosters analytical reasoning, idea generation, and creativity. This report summarizes the **work completed in the first month**, covering initial setup, participant engagement, evaluation processes, and early outcomes. The initiative will continue in the subsequent months with more prompts, increased participation, and further analysis.

4.Objectives of the Initiative:

During this first one-month reporting period, the key objectives were:

- 1) To launch the Think Out Loud Initiative and encourage maximum participation through Google Forms.
- 2) To collect structured, clear, and spontaneous responses from students digitally.

3)To analyze student’s reasoning patterns and creativity through form-based answers.

4)To promote regular engagement with questions posted at the Club Notice Board and shared online.

5)To establish a digital record of responses for monthly review and evaluation.

Questions	Responses 42 Settings
Rules of the Game	
• 🕒 Deadline: Submit before 6:00 PM today. • 📝 One answer per student—make it count! • ✂️ Your words only—copy-paste = no points.	
💡 Today’s Question:	
The lift says “Max 10 persons or 700 kg”. Your class of 12 wants to ride together. How would you convince the faculty that all of you can go in one trip—without breaking rules?	
🌟 Initiative by Engineers Without Borders – Sri Venkateswara College of Engineering

• 🕒 Deadline: Submit before 6:00 PM today. • 📝 One answer per student—make it count! • ✂️ Your words only—copy-paste = no points.	
💡 Today’s Question:	
You have a 5-litre jug and a 3-litre jug. Measure exactly 4 litres of water without any measuring marks.	
🌟 Initiative by Engineers Without Borders – Sri Venkateswara College of Engineering	

5.Duration and Activity Schedule:

Reporting Period: 25 September – 15 October 2025

Platform Used for Participation: Google Forms

Prompt Display Mode: Club Notice Board + Shared via QR code linking to G-Form

Participation Mode: Students scanned the QR code and submitted answers directly through the Google Form.

6.Participant Engagement (Month 1):

Participation through Google Forms showed active student interaction. Highlights include:

- 1)Steady increase in Google Form submissions.
- 2) Students from multiple departments scan the QR code daily.

- 3) More structured responses due to the digital format.
- 4) Convenience for students to answer at any time.
- 5) The digital mode improved participation compared to written submission

7.Evaluation Approach (Ongoing)

Since the initiative is still ongoing, evaluation is happening **month by month**.

Evaluation is based on:

- 1) Clarity of the explanation submitted in G-Form
- 2) Logical flow of thoughts
- 3) Originality and uniqueness of ideas
- 4) Consistency in participation

8. Interim Winner of the First Phase:

For motivation, an **Interim Best Performer** was selected based on Google Form submissions.

Interim Winner: *Yaathra P*

Department / Year: *CSE/1st Year*

Interim Runner 1: *Poornima V*

Department / Year: *ECE/1st Year*

Interim Runner 2: *Bhalakiran V*

Department / Year: *ECE/1st Year*

Reason for Recognition:

Provided consistently high-quality responses

Used logical, structured reasoning

Offered unique perspectives

Maintained active participation through Google Forms

This winner represents only the first-month phase; more evaluations will follow.

NO	NAME & DEPT	YEAR	POINTS
1	Yaathra P – CSE	1	43
2	Poornima V – ECE	1	40
3	Bhalakiran V – ECE	1	23

Congratulations to all the winners!

9. Presentation of Interim Momento:

As part of the first-month progress, **Mr. S. P. Sivagnana Subramanian** presented an interim **momento** to the best performer. This recognition encouraged students to continue responding actively via Google Forms in the upcoming phases.

10. Conclusion:

The first month of the *Think Out Loud* initiative has shown strong engagement through Google Forms. The digital submission method has ensured smooth data collection, convenience, and better response quality.

This report covers only the initial month; the initiative will continue with more prompts, more participation, and extended analysis in the coming months.

The early progress indicates that the project is moving in the right direction and will produce meaningful outcomes by the end of the full duration.
