

Engineers Without Borders – SVCE Student Chapter THINK TANK THURSDAY

Event Report

16th October 2025

The *Think Tank Thursday* session organized by **Engineers Without Borders (EWB)** was conducted to promote critical thinking, creativity, and teamwork among students. This week's session featured an Interdepartmental Technical Debate called “**Engineering Rivalries: A Sustainability Face-Off**”, where participants discussed innovative engineering solutions to real-world challenges through healthy competition and idea exchange.

The event started at **3:30 PM**, with students forming **teams of 2–4 members** from different departments. Each team debated independently, taking opposite sides of company-based problem statements. Departments were assigned topics such as **Siemens vs Schneider Electric** (energy efficiency), **Tata Motors vs Mahindra** (eco-friendly transport), **Biocon vs Serum Institute of India** (bio-based farming solutions), **Nokia vs Huawei** (rural communication technology) and lastly **Google vs Amazon** (AI-driven digital innovation).

Among all, the **Samsung vs Apple** debate stood out as one of the most engaging sessions. Teams presented creative ideas on improving smartphone battery life without increasing size or weight. Both sides supported their arguments with logical reasoning, real-world examples, and innovative approaches, making the debate lively and thought-provoking.

The session witnessed enthusiastic participation, teamwork, and confident communication from all teams. Students effectively combined technical knowledge with creativity, making the discussions both informative and enjoyable.

The event concluded at **4:25 PM**, with coordinators appreciating the participants for their effort and active involvement. The session successfully encouraged innovation, collaboration, and confidence among students, marking another impactful edition of *Think Tank Thursday*.

Attendees

S. No	Name	Year - Department
1	Shruti V	IV - BT
2	Akshay V	III - ME
3	Gokul S	II - BT
4	Shujah Mariam	III - BT
5	Hirthik Mageshkumar	II – BT
6	Janani Prakash	II – CSE
7	Sarabheswaran E S	II – ECE
8	Gayathri R	III – ME
9	Isaiah Israel	II – MN
10	Shenpagaraman R	I – MN
11	Anirudhkrishna V V	I – MN
12	Lakashmanan	I – EE
13	Rohith G	I – EE
14	Shaarvesh V P	I – EE
15	Sanjeevan V S	I – EE
16	Lokhith S S	I – EC
17	Sai Tharun	I – EC

18	Akshay Gowatham M L	I – CS
19	Sharravanan N	I – CS
20	Ashwin R	I – EC
21	Kavya Murali	I-BT
22	Amirtha K	I-CS

Feedback from Members

What part of the session did you find most engaging or useful?

The part where we were questioned with doubts increased our skill to prove our point and also gain more knowledge on the topic

What improvements would you suggest for future Think Tank Thursday sessions?

Pls conduct every program with a good sound speakers can't hear what they say. It wasn't much interactive due to less performance.

Maybe more time could be provided to prepare our points and discuss them.

S.P. Sivagnana Subramanian
